I may have stumbled upon the dirty bomb plans for this fucking audit  
This youtube video has puzzled me for weeks but the "casualty event" in its files and the Mexican location of the video now makes sense  
<https://youtu.be/5Dn1RHnOn44> [Embed] [Embed] [Embed]  
QR code at the end is picrel, check it out for yourself. the files are password locked and I cant open them, leads you to this link  
<https://anonymousfiles.io/mS0pg3z6/>

Chinese agents working with Biden stole a dirty bomb from Mexico and are planning to detonate it at this audit on May 1, International Workers Day and also one of the last days of that weird satanic calendar period I saw floating around in a few of these carnival threads.

Should we warn like Trump Jr or like the guards at the audit, or conduct a full recon and record them, someone was going to livestream tomorrow, I suggested that someone should place a camera over the carnival just how HWNDU stream Boogaloo and watch for any suspicious activity, but right now this is an perfect opportunity to investigate and dig deep, I don't care if it isn't a nothing burger, we're onto something and we ain't gonna let pedophilia satanic Democrats get away with it.

#1. As long as the chinks have their fingers on our academia, we ain't making no nuclear power plants

#2. They would just lie.

#3. Plausible deniability by potentially implicating mexico (considering how much of their government works in concert with some of the cartels) in a nuclear attack on US soil...

Lol go back to spook school faggot. Babytown shit here.

This is just a made up false flag to try and create tension at the audit site. Because the legal challenges have failed by not eating up enough time.

A new judge was assigned on Monday to oversee a closely watched legal challenge to the GOP-led election audit in Arizona after the judge originally hearing the case withdrew from the case.  
  
The case was reassigned to Maricopa County Superior Court Judge Daniel G. Martin hours after Judge Christopher Coury recused himself from the case due to the involvement of an attorney who had worked as an extern in his office within the last five years.  
  
Coury's recusal came less than 24 hours before a hearing that had been scheduled for Monday morning.

EMPs aren't memes, and graphite bombs are kid's toys. If you want to permanently fry every transformer and even damage fortified equipment in 1/4'th of a large country in one hit, a series of high-altitude nuclear explosions with the right warheads would be how you do it.

>It is indeed brutal to kill one or two hundred million Americans. But that is the only path that will secure a Chinese century, a century in which the CCP leads the world. We, as revolutionary humanitarians, do not want deaths. But if history confronts us with a choice between deaths of Chinese and those of Americans, we'd have to pick the latter, as, for us, it is more important to safeguard the lives of the Chinese people and the life of our Party. The last problem I want to talk about is of firmly seizing the preparations for military battle. The central committee believes, as long as we resolve the United States problem at one blow, our domestic problems will all be readily solved. Therefore, our military battle preparation appears to aim at Taiwan, but in fact is aimed at the United States, and the preparation is far beyond the scope of attacking aircraft carriers or satellites. Marxism pointed out that violence is the midwife for the birth of the new society. Therefore war is the midwife for the birth of China's century.

remember how I said in the last thread that all the David Lynch stuff was actually happening

in twin peaks, the mc fbi bro had a ex partner that became a tranny, and eventually that tranny became the FBI chief of staff. Her name was Denise

Daniel Coats, gave up his position of Director of Nation intelligence, to a tranny. A tranny who looked just like denise when she joined our government a long time ago as a young tranny.

now shes an old tranny, like the tranny in twin peaks.

Full house beats flush, and apparently Trump is going to return like the King of the North - I think. pic related

We are not alone.

I drove 3 hours (with my wife's ex but that's a whole nother story). We walked over a mile, stood outside (wind chill of 36 degree) for 3 hours, to support Potus in Washington, MI.

There were between 10-15k Patriots standing outside watching Potus on a Jumbotron. There were shouts of "Qarmy" "Whose Q?" And "Release the Texts!!!!".

If you think your efforts are not making a difference, my experience tonight says otherwise.

Anons and Autists, your efforts are more important than you will ever know. So from someone who does not have your skill set, from one Patriot to another THANK YOU for your service..

I was going to infer that the glowniggers would activate their local MKUltra assets to shoot up the carnival, then use that opportunity to raid the audit. This theory has two problems; 1. is that the GOP is equally as kiked as the Dems are, so if this is the case then everyone in the Deep State just legitimately wants no traces of autonomous politicking going on, and the AZ audit is an outlier as they did not conform to the kike standards 2. is that raiding the event after a shooting would be much too suspect and even the normies might catch on.

I hypothesize that maybe 1. the carnival equipment somehow fucking rolls over and destroys parts of the building the audit is in (very unlikely) 2. the glowniggers have a whole slew of assets attending the gun show next door and both the carnival and audit will be held hostage (bold plan, little left to failure, but the narrative could likely not demonize 'white supremacy' so easily) 3. there actually is a fucking dirty bomb and they plan on nuking the area and will likely blame some made up militia group in Mexico, starting a new multi-generational conflict in Mexico which will serve to act as a valve with which they can tighten and loosen immigration as they see fit until the end of time (so schizo it might just actually be what happens) or 4. the glowniggers have a way to actuate cartels or cartel impersonators to drive up and essentially do the #3 scenario

I doubt they'd blame China unless the kikes are getting to shift things from 10 to 100

They want you DIVIDED.  
DIVIDED by RACE.  
DIVIDED by RELIGION.  
DIVIDED by CULTURE.  
DIVIDED by CLASS.  
DIVIDED by POLITICAL AFFILIATION.  
DIVIDED YOU ARE WEAK.  
TOGETHER YOU ARE STRONG.  
This movement challenges their 'forced' narrative.  
This movement challenges people to not simply trust what is being reported.  
Research for yourself.  
Think for yourself.  
Trust yourself.  
This movement is not about one person or a group of people.  
WE, the PEOPLE.  
Save the Republic!  
Hatred and Dissension in the Nation will Heal.  
WHERE WE GO ONE, WE GO ALL.
