Massive Orgy planned for BronyCon announced on FimFiction by Capper General

It wouldn't be the first time, and it probably won't be the last, but a public notice of a planned "orgy" at 2018's BronyCon was announced on FimFiction by user PsyKey. The announcement, which goes into highly-specific detail, including the date, time, and venue of the orgy, as well as what to bring, was deleted some time later after receiving attention from the community at large, so it is unclear if the Brony sex party is still going forward as advertised. Below, we have copy-pasted the contents of the announcement, in the event you are planning your own orgy and don't want to have it at the same time.

At the time of posting, we had joined in the [Orgy Planning Discord Server](#) and learned that the venue is being changed, so you will need to stay in the loop to know where the event will be held.

CapperGeneral Today at 6:29 AM
I'm here for the sex party

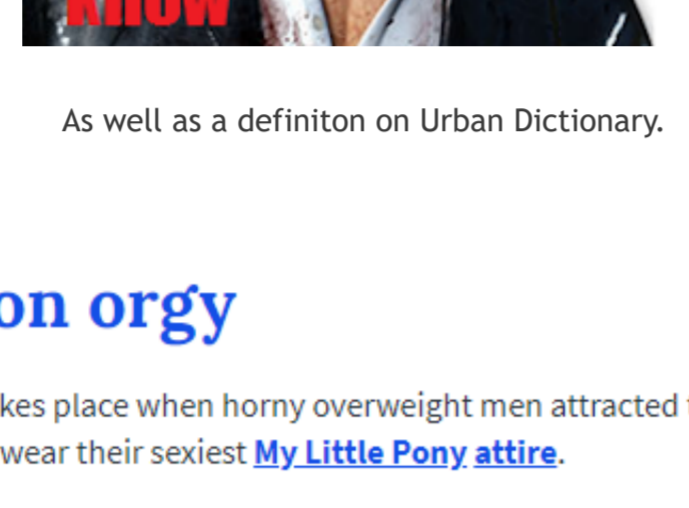

3to1Go Today at 6:33 AM
I know you are.
It's being changed to another hotel, unfortunately.

Please note, Horse News is not planning an orgy at BronyCon, these are the details from a now-deleted announcement...

BronyCon Orgy Info! - 6:57am
Many of you probably didn't think this would actually happen! Well, it is! With the help of some great people, who will also be the security team at the event, we have made this a reality and I'm expecting positive feedback and attendance!

- Date - Friday, July 27th
- Time - 8:30 PM to 11:30 PM
- Location - Hyatt Regency Baltimore Inner Harbor - Room Number will be announced later on the Discord!
- Provided Items
 - 100 Assorted Brand Condoms
 - 9 Box, Bottles of Clear Cum Lube
 - 52 Latex Mini-Flavored Dental Dams
 - 6 Box, Bottles of Hand Sanitizer
 - 144 (24 of each of the Mane 6) Temporary Tattoos (There will be a paper at the event explaining the usage of these.)
- BronyCon Orgy Discord!
- Before getting onto the rules, recommended items, and guidelines, I wanted to explain that papers will be in various places in the room to help explain a few things such as the tattoos which, as of right now, are there to indicate what sort of interaction you're looking for. Cock, Pussy, or Both. (This was meant to change, but I had no further information from the team member who proposed that change. It may change later, and that change will be presented on the Orgy Discord.)
- Also, we can hold 30 people in the room max at any given point in time. The Discord is meant to help in this regulation.
- Recommended Items to Bring
 - A towel.
 - A bag or other container for your belongings such as clothes and personal items.
 - An extra condom or two, just in case there's a shortage for whatever reason.
 - A sports bottle with hydrating liquid if you're not interested in using the cups and filtered tap/pitcher. Older convention badge or similar identification to be placed on your bag or container to identify it as yours.
 - A state-issued identification card, otherwise you're not getting into the party.
- Rules
 - Breaking the rules is subject to punishment, up to and including authority involvement should it be completely necessary.
 - No weapons or items intended to cause harm. (The only exception is the host/bouncer, for security purposes only.)
 - No illegal activities but not limited to drug use, assault, grievous bodily harm, and rape.
 - (Follow the federal laws of the United States and state laws of the state of Maryland.)
 - No video or audio recording.
 - No photography.
 - Do not write on other guests without consent.
 - Nobody under the age of 18.
 - Get consent before doing sexual actions with another guest. Consent should be clear and direct. You don't have to be a robot about it, just be enthusiastic and not awkward.
 - No means no. No is not an invitation to try again.
- Guidelines
 - Guidelines are meant to help you have further understanding and to direct you should you find yourself in a confused situation.
 - Be considerate of other guests.
 - Arrive clean hygienically as well as in any aspects you plan to partake in. (Clean colon for anal, etc.)
 - Please do not use more than 1 temporary tattoo unless instructed.
 - If you're just observing, there's no need to use a tattoo. Please use condoms, lube, and other protection provided if you intend to engage with a partner that requests those.
 - Please leave all belongings, (excluding involved items that need to be checked) with the Keeper of Things.
 - It's recommended that you come on a comfortable stomach as food will not be present.
 - Please use the provided cups (and markers to properly label your cup) and filtered tap/pitcher to keep yourself hydrated throughout the festivities.
 - Phones are allowed, but please do not be disruptive.
 - Changing is allowed anywhere in the room. The bathroom is also available.
 - Please join the BronyCon Orgy Discord if you plan to enter the party, as it helps us regulate how many people we'll have in the room at any point in time. If you're leaving, please tell a staff member on the Discord and we'll change your status.
 - We ask that you do not die at the party.
 - If you have any questions or concerns regarding the event, you can ask me here or on the Discord group.
- Psy Key?

The tradition of the BronyCon orgy (and the myths surrounding it) date back to at least 2012 and has it's own [KnowYourMeme](#) page.

Pedophilia is an attraction to prepubescent children, who cannot have children, which is why pedophilia is a mental illness. Women have way less to develop mentally than men, and 14 is only an issue if her hips aren't wide enough to pass the child or her breasts aren't large enough to feed the child. I've seen profligate defend pedophilia without being pedophiles (just as base "straight" folk will see nothing wrong with homophiles, because they're as wickedly heterostic). He very well could have outed his comments because of the dislates, as conforming to public opinion is typical of weaklings like him. Either way, this guy is a mentally ill degenerate who needs to be put in a concentration camp. Daily reminder that the only reason we have sex is to produce offspring.

Well, based on this, which I am taking with a shaker full of salt, I have a feeling the death of the bronny fandom is lurking just right around the corner and the fandom is on its last hours.
Truly it does seem the majority of the fandom took the show/franchise away from its intended target audience and tarnished it forever truly and sadly.
[Reply](#)

Corderio 26 July 2018 at 22:28
Eh I wouldn't count on it dying. Don't forget about the "true fans" who won't move on from G4 and/or defend G5 even if it flops and doesn't survive past a season or two.
And technically, this isn't the first BronyCon orgy. I know when there was one around 4 years ago or so. Though I don't think that one posted about it to find people.
[Reply](#)

Prismatic Zero 26 July 2018 at 22:58
Many parts of the fandom that I was interested in (mostly gaming) are long since gone. While in many way the fandom is not dying for a lot of areas that are deserted it doesn't really bode well overall.
[Reply](#)

Corderio 26 July 2018 at 23:16
Honestly I think any fandom can be considered that now. Seems like when you get a group together about a particular subject it quickly becomes a cesspool.
[Reply](#)

Prismatic Zero 27 July 2018 at 10:16
That it does though no other fandom to my knowledge is as heavily centralized as bronies.
[Reply](#)

Corderio 27 July 2018 at 12:35
Yeah, I suppose I can't argue with that.
[Reply](#)

Sallor Sedna 28 July 2018 at 08:57
@Corderio
I didn't know this wasn't the first. I don't know what's gonna happen if G5 flops myself, but I'm gonna stick around to see how they'll react.
But yeah, other fandoms have been horrible too. Sallor Moon's got split and took a turn for the worst in 2014, to the point where while I still love said anime and consider it the best one ever made despite its flaws, I tend to stay away from the fanbase.
[Reply](#)

@Prismatic Zero
I don't think from my experience, a lot of stuff with the games I've played/tried are gone, and I'm really people I used to look up to/think were cool ended up being asshole (or in the case of Toonkit, revealed as pedos)...
[Reply](#)

Prismatic Zero 29 July 2018 at 01:30
I never had people I looked up to in the fandom though most of the cool people are assholes in the communities I was a part of.

Sallor Sedna 29 July 2018 at 10:20
I guess Lady Luck wasn't on my side with MLP's fandom (it's sometimes happened with the Sallor Moon fandom but not as badly)...
[Reply](#)

Corderio 29 July 2018 at 10:40
@Sallor Sedna
I don't think it was official. Only reason I was even aware of it was because it was part of the Toonkit drama where him and a few others had an orgy in someone's room and he violated a plugh.

Anonymous 26 July 2018 at 02:19
Wow, someone thought this would be a good thing to advertise on FIMFiction? Idiots.

Dave 26 July 2018 at 09:29
It's for this reason I can't wait till this fandom is dead. The fandom took the innocence away from the show.
[Reply](#)

Sallor Sedna 26 July 2018 at 19:31
You and me both. I actually read this stamp from some guy on Deviantart once, and to quote him partially, while for some bronies, ex-bronies and non-bronies everywhere, the fanbase is like a nightmare that won't end, no one has it worse than the show's actual target audience, the young and innocent early school-age girls. One day these little girls are going to have grown up, will learn to use the internet, search for the show they loved (or still love) so much - and see everything. Yeah.
Think of how shocking it will be for them when they find the wonderful cartoon they loved as kids was also a gargantuan internet worshipped by thousands of over-obsessed teens and adults. Imagine how horrible they'll feel when they find out how their show was used to create copious amounts of porn, fan-fictions, ridiculous crossovers and parodies. Imagine what will go through their mind when they read about the embarrassing bronny drama, the insane conventions, and encounter the fandom's darkest and most controversial side and the worst things that happened and are still happening behind their backs. Their childhood will be destroyed, and they will be utterly mortified at the idea, and never want to watch it again. The bronny fandom is ruining the MLP franchise/image and giving it a bad name. I predict it'll be dead by 2020.
[Reply](#)

Prismatic Zero 26 July 2018 at 21:27
Which interestingly while the bronies/ex-bronies/fans of MLP are a big source of the problem the other major source was that the show itself was effectively empowering the fandom and giving it indirect links. What turned from just a simple nod to a literal game of Dune II. The Battle for Equestria really tarnished the fandom years ago. As I'll state the conventions were major source of the loss of the fandom. Without them I never tried to try up the resources so quickly because we knew it would not last long.
You know, I never really thought about the target demographic until you've brought it up and you're right. While other shows and IPs will have similar problems (i.e. Sonic) there's nothing quite like the situation we have here due to the drastic change from a kid-friendly and educational show to a show that unfortunately empowers egotistical people and is nothing more than a playground for those unfortunate adult children. Personally I feel the fandom died once Season 2 ended and there became 'mainstream'. It's only because we had so much momentum at the time it kept going until as far as inerts would last lit.
[Reply](#)

Sallor Sedna 28 July 2018 at 08:58
Frankly for me, the fandom died when that abomination known as "The Cutie Re-Mark" happened, and got worse over time until this year (Toonkit and the Weinstein effect he caused was the final nail in the coffin for me).
[Reply](#)

Prismatic Zero 29 July 2018 at 01:28
I'm not quite sure what the Cutie Re-Mark is, though I've seen similar issues to what is within the parentthesis in 2012.

Sallor Sedna 29 July 2018 at 10:20
Cutie Re-Mark is the MLP Season 5 finale, right when I feel the show jumped the shark.

The donkey wedding episode is where Hasbro jumped the shark, jumped the moon and straight to the middle of Uranus.
That's biggest mistake was acknowledging the pasta bowl that is horsefagger memes, and that episode was the largest conglomeration of it all.

KR2 Sex obsessed addicted dumbasses like them are why the fandom is hated so much, and for good reason, they're giving the MLP franchise and show a bad image/frame. I've actually seen adult content and some parts of the dark side of some fandoms like Sailor Moon and Saint Seiya but they're small compared to MLP's. In fact, I've never even known/learn the latter to have a dark side, that shows how massive MLP's is, and the worst part is unlike other dark sides, MLP's is celebrated/embraced.
